Product Data Sheet for **Growth Supplement 30**

Growth Supplement 30 is a foliar applied nutrient stabilizer. It stimulates plant metabolism, transports nutrients in plants, dissolves macro and micro elements, and enhances cell division and elongation. Containing plant derived fulvic acids, **Growth Supplement 30** is compatible with most conventional herbicides.

- Should be used within growing season for which it was purchased
- Contains beneficial substances
- May aid in micronutrient uptake
- pH is 2.0 to 3.0
- Specific gravity is 1.101 - 1.156
- Has less than .05% insoluble
- Light brown liquid with mild odor
- **Incompatible materials: Strong oxidizers**

Recommended Application Rates: Foliar apply ½ to 2 pints per acre.

Storage and Handling: Avoid contact with skin and eyes. There are no special or handling procedures, other than it is recommended that the product not be subject to freezing or stored in direct sunlight. Best to store under 80^{O} F. Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes and skin.

See product label and safety data sheet for any cautions or restrictions.
