

Manure Digester

Report of Analysis:

Potassium (K)350%
Sodium (Na)070%
Phosphorus (P)020%
Calcium (Ca)210%
Nitrogen (N)110%
Iron (Fe)055%

This Product:

- Is an organic formulation for both organic and conventional producers that assists with manure management for livestock production operations
- Boosts decomposition by activating resident microbes of manure and minimizes pumping, spreading, volume and hauling prevalence
- Supports prevention and elimination of crusts and diminishes and liquefies solids for simplified pumping
- Leaves no environmental footprint and stabilizes manure nutrients making nutrients available for plant usage, while reducing solids, odors, gases, fly population, and ammonia levels
- Requires no special equipment or mixing for application
- Is made microbe- and bacteria-free, contains non-plant food ingredients, is considered non-toxic (not containing or caused by a toxin or poison), and is safe to handle by producer to use with livestock and soil bacteria
- Can be used for shallow and deep pit systems, shallow gutters with scrapers, compost enclosures, slurry stones and lagoons, and solid separation systems.
- Contains 12% Humic Acid

Directions for Use:

- Management and application rates vary based on livestock, for a specific application rate contact a SoilBiotics Representative

Net Weight: 8.97 pounds per US gallon
