

THE DIRT!

SOILBIOTICS COMPANY E-NEWSLETTER

October 2024

Thank You for Your Kind Thoughts and Patience

As many of you know, we lost a friend and valued member of the SoilBiotics team recently. Our Customer Service Coordinator Elaine Clapp passed away unexpectedly earlier this month. We very much appreciate the expressions of sympathy and are forever grateful for the patience our customers have shown as we work through this time. Thank you from all of us.

Fall means time to take advantage of the SOIL BOOST Fall Discount Program!

Don't forget to take advantage of our annual discount program for Soil Boost. Soil Boost improves soil crumbling, increases aeration, improves water retention, and reduces leaching of soil nutrients. This product is the foundation of the SoilBiotics soil health and improvement program.

Now through the end of November 2024, we are offering a special Fall discount of 3% off any order for Soil Boost, regardless of order size. No other discounts apply to this exclusive offer. Soil Boost is available in 50 lb. bags or 1-ton bulk bags.

Don't miss this opportunity!

It's Best To Digest!

Harvest time is upon us and that means it's also time to plan for a second harvest! Some of the costly nutrients you fed a growing crop are still resident in the leftover residue. SoilBiotics crop residue digester products are proving to be highly effective in breaking down residue and returning those nutrients to the soil, increasing OM, improving the soil profile, and reducing the need for added nutrients in the spring. Make one of our digester products, **DgradeR**, **DgradeR+** or **SB Digester – Organic 3-0-1** a part of your fall program.
